IHSA is committed to working with both management and employees in the transportation sector to create a healthy and safe work environment. We work with our member companies through consulting, evaluations and training. As your partner in safety, together we can prevent occupational injuries and illnesses.

**Safety awareness is the first step to  
health and safety.  
Prevention is our ultimate goal.**

 Infrastructure Health  
& Safety Association™  
A Health & Safety Ontario Partner

# Join the **Drive for Safety**

The Fleet Safety Council is an association of driver trainers and professionals working in cooperation with the Infrastructure Health & Safety Association to promote safety within the transportation and transport industry.

The Council encourages the improvement of driver behaviour through increased awareness and training. Working with government agencies and private organizations, the Council strives for a uniform system of safety requirements for drivers in Ontario.

## Get Involved

The Fleet Safety Council is open to all individuals concerned with promoting safety in the transportation industry. Current members include:

- Driver trainers
- Directors of Safety
- Labour Safety Personnel
- Human Resource Management
- Individuals concerned with occupational health and safety.
- Various Government agencies

Chapters have representatives from local, regional and OPP police forces, as well as from the Ministry of Transportation and various Government agencies.

## Share Ideas

Chapter meetings are held monthly, between September and June. Members have the opportunity to learn more about safety in the transportation industry by sharing ideas and information with other companies and individuals.

## Make a Difference

If you want more input into the way safety is handled within the transportation industry, join us on the Fleet Safety Council.

## We're making a Difference
