

## IHSA an approved trainer provider for JHSC Certification

MISSISSAUGA—The Infrastructure Health and Safety Association (IHSA) is proud to announce that we have been approved to deliver Joint Health and Safety Committee Certification – Part One, JHSC Certification Part Two and JHSC Certification Refresher training programs by the Chief Prevention Officer (CPO).

To meet the requirements of the new standard, IHSA developed six new JHSC Certification programs that will be offered as of March 1, 2016:

1. Joint Health and Safety Committee Certification—Part One
2. Joint Health and Safety Committee Certification—Part Two (Construction)
3. Joint Health and Safety Committee Certification—Part Two (Transportation)
4. Joint Health and Safety Committee Certification—Part Two (Utilities)
5. Joint Health and Safety Committee Certification—Part Two (Aggregates)\*
6. Joint Health and Safety Committee Certification Refresher

\*This course will be offered in collaboration with Workplace Safety North (WSN).

IHSA's current certification courses will not meet the new JHSC standard and will not be offered after March 1, 2016. These courses are:

1. Certification Training Program – Part One (Electrical, Utilities, Transportation)
2. The Workplace-Specific Hazard Training Program – Part Two (Electrical, Utilities, Transportation)
3. Construction Health and Safety Representative (Part One Certification)
4. Sector-Specific—Construction (Part Two Certification)
5. Simulated Hazard Analysis—Construction (Part Two Certification)

NOTE: Those who have already received JHSC Certification prior to March 1, 2016, will not have to take any of the new training programs or the refresher course every three years.

### About IHSA

IHSA is a leader in health and safety education. Through skills-based training, auditing, and evaluation, we provide safety solutions to those who perform high-risk activities such as working at heights, working with energized high-voltage power systems, driving motor vehicles, transporting dangerous goods, working on suspended access equipment, and utility line clearing.

### *Work Safe for Life*

As part of Ontario's health and safety system, we are recognized by the Ministry of Labour, the Ministry of Transportation, the Ministry of Training, Colleges and Universities, and the Workplace Safety and Insurance Board as designated trainers and consultants. So, you can be sure that the training you get from IHSA meets regulatory requirements and compliance standards.

You are automatically a member of IHSA if you pay premiums to the WSIB in one of the 28 rate groups in the industries that we serve:

- construction
- electrical
- utilities
- transportation
- aggregates
- natural gas
- ready-mix concrete
