

Fleet Safety Council

The Fleet Safety Council is an association of driver trainers and safety professionals working to promote safety within the transportation, transport, bus, and coach industries.

Established 1965

The Fleet Safety Council is open to all individuals concerned with promoting safety in the transportation industry. The Council encourages the improvement of driver behavior through increased awareness and training.

The Council's mission is to promote health and safety within the transportation sector through network support, the sharing of information resources and providing a strong voice in the industry. Working with government agencies and private organizations, the Council strives for a uniform system of safety requirements for drivers in Ontario.

Safety awareness is the first step to health and safety. Prevention is our ultimate goal.

Get Involved

The Fleet Safety Council is open to all individuals concerned with promoting safety in the transportation industry. Current members include:

- Driver trainers
- Directors of Safety
- Labour Safety Personnel
- Human Resource Management
- Individuals concerned with occupational health and safety
- Various Government agencies
- Industry suppliers
- Construction fleets, utility fleets etc.

Chapters have representatives from local, regional and OPP police forces, as well as from the Ministry of Transportation and various Government agencies.

Share Ideas

Chapter meetings are held monthly, between September and June. Members have the opportunity to learn more about safety in the transportation industry by sharing ideas and information with other companies and individuals.
